## C19 to Right-Angle C20 Heavy-Duty Extension Cord - 20A, 250V, 12 AWG, 2 ft., Black

MODEL NUMBER: P036-002-20RA

Heavy-duty extension cable with right-angle C20 end allows connection of C19/C20 high-output devices in tight spaces or awkward angles.

### Features

#### 20A C20-to-C19 Power Cable for Network Devices That Require a Heavy-Gauge Connection

This heavy-duty extension cord features 12 AWG wire suitable for high power connections, making it a reliable solution for large server applications that require a higher-rated, heavier-gauge cable. This cord can be used to connect a server, router, network switch or blade server enclosure to a UPS system or PDU or replace or upgrade the standard power cord provided by the device's manufacturer. The two-foot length helps reduce cable clutter and minimize the risk of tripping.

#### Right-Angle C20 Plug Makes Connecting in Tight Spaces Easier

The C19 to C20 right-angle cable is easier to install in confined spaces, such as the back of a rack enclosure cabinet. When plugged in, the right-angled C20 plug guides the heavy-duty extension cable parallel to your peripheral, allowing you to push the device up against a wall or hide it behind a desk to maximize space.

## Specifications

### Highlights

- Right-angle C20 plug allows easier connection in confined or hard-to-reach spaces
- Recommended for powering servers, routers and other high-output network devices
- 2 ft. length allows flexibility in placing devices, while avoiding cable clutter
- C20 to C19 cord replaces or upgrades standard power cord provided by manufacturer
- Thick 12 AWG wire gauge manages high power levels required for larger equipment

### Applications

- Connect devices like computers, servers and monitors to a PDU up to 2 ft. away in your data center
- Extend an existing power connection up to 2 ft. to more easily place a device or reach a power source in a rack
- Update or replace the standard power cord provided by a device's original manufacturer
- Power a device located in a hard-to-access area behind a desk or flush against a wall
