

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from, Europe, America and south Asia, supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of "Quality Parts, Customers Priority, Honest Operation, and Considerate Service", our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip, ALPS, ROHM, Xilinx, Pulse, ON, Everlight and Freescale. Main products comprise IC, Modules, Potentiometer, IC Socket, Relay, Connector. Our parts cover such applications as commercial, industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

L5-20P to 5-20R Heavy-Duty Extension Cord - 20A, 125V, 12 AWG, 6 ft., Black

MODEL NUMBER: P046-06N

Heavy-duty extension cord connects your computer or other device with a NEMA 5-20P plug to a NEMA L5-20R outlet.

Features

Heavy-Duty Extension Cable for Network Devices That Require a Heavy-Gauge Connection
This six-inch cord features 12 AWG wire suitable for high power connections, making it a reliable solution
for large server applications that require a higher-rated, heavier-gauge cable. It can be used to connect a
computer, server or other device with a NEMA 5-20P plug to a wall outlet, PDU or UPS system with a
NEMA L5-20R outlet. The short length helps reduce cable clutter.

Locking Connector Helps Prevent Accidental Disconnection and Expensive Downtime
Having a cable come loose accidentally can mean the loss of power and costly downtime. The locking
connector helps you avoid such danger, protecting critical equipment by maintaining a secure link without
failure. The locking cable is also invaluable when moving equipment in a rack or removing equipment from
tight areas, ensuring the power cord always stays connected.

Highlights

- Recommended for powering computers, servers and other network devices
- Heavy-duty cord replaces or upgrades standard power cord provided by manufacturer
- Thick 12 AWG wire gauge manages high power levels required for larger equipment
- Locking connector maintains secure link to avoid loss of power and costly downtime

Applications

- Connect devices like computers, servers and monitors to a PDU in your data center
- Update or replace the standard power cord provided by a device's original manufacturer

Package Includes

P046-06N L5-20P to 5-20R
 Heavy-Duty Extension Cord, 6
 ft., Black

Specifications

OVERVIEW		
UPC Code	037332158321	
Country/Region	North America	
Power Cord Application	PDU; UPS	
INPUT		
Maximum Input Amps	20	
Cable Length (ft.)	0.5	
Cable Length (m)	0.2	

Cable Length (in.)	6	
Voltage Compatibility (VAC)	125	
Cable Length (cm)	15.24	
PHYSICAL		
Power Cord Jacket Type	SJT	
Wire Gauge (AWG)	12	
Wire Gauge (OD - mm²)	3.31	
Shipping Dimensions (hwd / in.)	10.00 x 7.10 x 0.50	
Shipping Dimensions (hwd / cm)	25.40 x 18.03 x 1.27	
Shipping Weight (lbs.)	0.40	
Shipping Weight (kg)	0.18	
Color	Black	
Number of Conductors	3	
CONNECTIONS		
Side A - Connector 1	NEMA L5-20P	
Side B - Connector 1	NEMA 5-20R	
WARRANTY		
Product Warranty Period (Worldwide)	Lifetime limited warranty
