

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from,Europe,America and south Asia,supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of "Quality Parts,Customers Priority,Honest Operation,and Considerate Service",our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip,ALPS,ROHM,Xilinx,Pulse,ON,Everlight and Freescale. Main products comprise IC,Modules,Potentiometer,IC Socket,Relay,Connector.Our parts cover such applications as commercial,industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

MODEL PAXLBK - LABEL KITS FOR 5 DIGIT ANALOG PAX AND PAX LITE METERS

DESCRIPTION

These label kits provide a unique way to identify your display with one of 189 different engineering units. The label lights up from inside the PAX or PAX Lite Meters where it is protected from washdown and dirty environments. Simply select the appropriate label from the kit and apply it to the plastic frame. The frame then installs into holes in the PC board on the right side of the display. Activating the backlight is controlled in the meter program.
