

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from,Europe,America and south Asia,supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of “Quality Parts,Customers Priority,Honest Operation,and Considerate Service”,our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip,ALPS,ROHM,Xilinx,Pulse,ON,Everlight and Freescale. Main products comprise IC,Modules,Potentiometer,IC Socket,Relay,Connector.Our parts cover such applications as commercial,industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

High Performance P-Clamps & Omega Clamps

Other Products

Luminus Series

[More details on back](#)

Smart Engineering
VICTREX® PEEK™ Polymer
Overmold Technology

Engineered for lean manufacturing, the High Performance P-Clamps and Omega Clamps were developed to replace and outperform traditional P-Clamps and Saddle Clamps. Featuring an overmold silicone cushion with VICTREX PEEK polymer, our clamps are completely non-conductive/non-corrosive, lightweight, and very durable.

High Performance Standoffs

Benefits at a Glance	
Smart Engineering	<p><u>Designed for Lean Manufacturing</u></p> <ul style="list-style-type: none"> • Lock open & closed feature increases ease of installation • One piece hinged design with overmolded grommet • Easily recognizable labels makes inspection easy • Uses standard 10-32 screws <p><u>Flexible Options</u></p> <ul style="list-style-type: none"> • Fuel Resistant and High Temperature resistant rubbers available • Dedicated to pressurized and unpressurized areas • Compatible with tubes up to 2" in diameter • Smaller envelope than existing metal P-Clamps • Multiple Sizes Available <ul style="list-style-type: none"> • P-Clamps: 15 • Omega Clamps: 20
	<ul style="list-style-type: none"> • Completely Non-Corrosive & Non-Conductive • Improved Strength & Stability • Lighter than Traditional P-Clamps by up to 40% • High temperature resistance • Withstands constant vibrations and shock loads
VICTREX PEEK Polymer	<ul style="list-style-type: none"> • Completely Non-Corrosive & Non-Conductive • Improved Strength & Stability • Lighter than Traditional P-Clamps by up to 40% • High temperature resistance • Withstands constant vibrations and shock loads
Overmold Technology	<ul style="list-style-type: none"> • Over 50 years experience in overmold technology • Silicone or Fluorosilicone Cushion will not come off or slide off • Allows broad range of variances in wire bundle diameters

Technical Specifications

High Performance P-Clamps

MATERIALS

Clamp Base	Polyetheretherketone (PEEK) per MIL-P-46183
Overmolding	Silicone Rubber per ASTM-D-2000

PERFORMANCE

Temperature Limits	Continuous: - 65°F to 350°F
	Excursions: up to 500°F
Flammability	UL94, V0; FAR25.853

Application Example Securing Wire Bundle

Part No.	Size No.	Inner cushion diameter (ØD)		F		Length (L)		H		T		Weight

Product Customization

The High Performance P-Clamps and Omega Clamps can be customized to your specific requirements.

Options include, but are not limited to:

- **Fuel and High Temperature Applications**
- **Alternative Polymers and Rubbers Available**
 - Specific **Diameter** Requirements
 - Accompanying **Hardware**

VICTREX PEEK polymers make Amphenol Pcd High Performance P-Clamps and Omega Clamps not only **stronger**, but **lighter**.

High performance, superior strength VICTREX PEEK polymer is designed to be chemical, radiation, smoke, and abrasion resistant. Able to withstand temperature as high as 500° F (260° C), VICTREX PEEK enables Amphenol Pcd to deliver High Performance P-Clamps and Omega Clamps that outperform traditional P-Clamps and Saddle Clamps.

VICTREX PEEK Polymers provide high-performance, lightweight solutions to a wide variety of markets, including:

- Aerospace
- Defense
- Industrial
- Medical
- Food Processing
- Automotive and Transport
- Electronics
- Semiconductor and Displays
- Industrial

For full technical information regarding VICTREX PEEK Polymer visit the Victrex website at www.victrex.com

Luminus Series

- Environmentally sealed
- Secure, "snap-locking" mechanism
- Multiple sizes and configurations
- Rugged and lightweight
- Easy to use and maintain
- Uses standard MIL-C-39029 and Stamped & Formed contacts

High Performance Standoffs

- VICTREX PEEK Polymer
- Non-Conductive; Non-Corrosive
- Lightweight

QuickClips

- Lightweight
- Customization available
- Strong and Durable
