2 Pin Power Cable for JustBoom Amp HAT

The 1375820-2 is a 2-way 1-row Connector with nylon GF body, 2.54mm pitch spacing and crimp termination. This connector is paired with a 30cm cable that we recommend to use with our JustBoom Amp HAT.

- UL94V-0 Flammability rating
- 250VAC Operating voltage
- 7A Contact current rating

What is P3 on the JustBoom Amp HAT and how can I use it?

Certain type of installations may require a PSU that provide connections via screw terminals or by directly soldering on a PCB. The P3 connector offers the same characteristics of the barrel one. It is also ideal because it offers a more stable mechanical connection.
