

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from, Europe, America and south Asia, supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of "Quality Parts, Customers Priority, Honest Operation, and Considerate Service", our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip, ALPS, ROHM, Xilinx, Pulse, ON, Everlight and Freescale. Main products comprise IC, Modules, Potentiometer, IC Socket, Relay, Connector. Our parts cover such applications as commercial, industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

Features

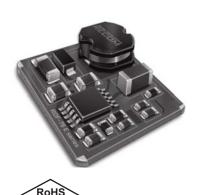

- Low Profile 4.0mm
- Low Cost
- Wide Input Range (5V 36V)
- Short Circuit Protection
- Castellated Connections

INNOLINE DC/DC-Converter

with 3 year Warranty

Applications

Application Examples

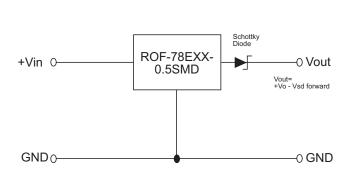

High efficiency, isolated, dual unregulated outputs

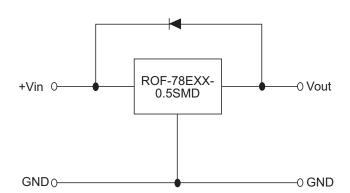

Isolated (Up to 6KV), wide input range regulated output

Optional Protection Circuit

Add a blocking diode to Vout if current can flow backwards into the output, as this can damage the converter when it is powered down.

The diode can either be fitted across the device if the source is low impedance or fitted in series with the output.

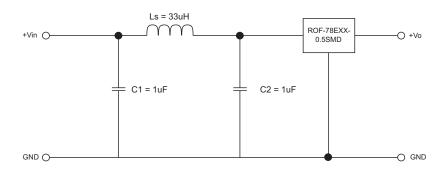

ROF-78Exx-0.55MD Series

Applications

Conduction / Radiation Emission Filter Suggestion

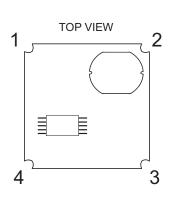

Suggestion for conduction Emission Class A, meet radiation emission Class B

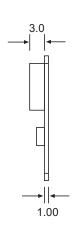

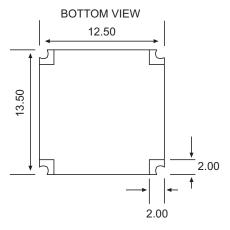

The capacitors used are ceramic capacitors, rated voltage 50V
