

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from,Europe,America and south Asia,supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of “Quality Parts,Customers Priority,Honest Operation,and Considerate Service”,our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip,ALPS,ROHM,Xilinx,Pulse,ON,Everlight and Freescale. Main products comprise IC,Modules,Potentiometer,IC Socket,Relay,Connector.Our parts cover such applications as commercial,industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

## FIELD INSTALLABLE SHIELDED MULTI-CON-X®

Conxall® introduces its newest series of "Con-X" product, the Field Installable Shielded Multi-Con-X®. This product was designed for field installations where:

- Circuits must be protected from electromagnetic or radio frequency interference
- Surrounding equipment must be protected from circuit emmittance
- An earth ground must be carried via the cable shield through the connector shell, coupling ring, and receptacle to ground (panel).

The Field Installable Shielded Multi-Con-X® offers a simple, unique method of completing the shield between the cable and the connector housing (requiring no additional or special installation tools). The backshell can be assembled with nothing more than a screwdriver.

### Features

- 6 keyway orientations available
- 2 - 9 pole insert configurations with 20 size contacts available in 4 keying arrangements
- 2 - 12 pole insert configurations with 20 size contacts available in 1 keying arrangement
- 2 - 4 pole insert configurations with 16 size contacts available in 1 keying arrangement
- Panel Mounts are available with male contacts only (solder or P.C. Tail termination)
- Cable Ends are available with female contacts only (solder termination)
- Not mateable with standard (unshielded) Multi-Con-X® product
- Panel Mounts are available with a metal or plastic housing

### Specifications

#### Electrical Rating

600 Volts RMS

13A: 4 maximum #16 contacts with 16 AWG wire

7.5A: 3 maximum #20 contacts with 20 AWG wire

5.6A: 12 maximum #20 contacts with 20 AWG wire

#### Cable Ends

Coupling Nut & Housing: Nickel Plated Brass

Contacts: Copper Alloy, 30  $\mu$  in. min. Gold over 50  $\mu$  in. min. Nickel Plating

Insert: Engineered Polyester Resin

Backshell & Strap: G.F. Nylon

Screws: Stainless Steel

O-Rings: Neoprene

#### Metal Panel Mounts

Shell: Nickel Plated Brass

Nut: Nickel Plated Brass

Contacts: Copper Alloy, 30  $\mu$  in. min. Gold over 50  $\mu$  in. min. Nickel Plating

Insert: Engineered Polyester Resin

#### Plastic Panel Mounts

Housing: Engineered Polyester Resin

Shielding Nut: Nickel Plated Aluminum

Contacts: Copper Alloy, 30  $\mu$  in. min. Gold over 50  $\mu$  in. min. Nickel Plating

#### Environmental:

Temperature: -40°C (-40°F) to +120°C (+248°F)

RoHS Compliant
