SmartRack 6U Low-Profile Vertical-Mount Server-Depth Wall-Mount Rack Enclosure Cabinet

MODEL NUMBER: **SRWF6U36**

Wall-mount cabinet secures and organizes 6U of 19-inch rack equipment in network wiring closets and other locations with limited floor space. Houses equipment up to 36 inches deep, but extends less than 12 inches from wall.

Description

The SRWF6U36 SmartRack 6U Low-Profile Vertical-Mount Server-Depth Wall-Mount Rack Enclosure Cabinet is designed to house EIA-standard 19-inch rack equipment in network wiring closets, retail locations, classrooms, back offices and other areas with limited floor space where you need equipment to be secure, organized and out of the way. Constructed from heavy-duty steel with a durable black powder-coated finish, the cabinet has a maximum load capacity of 150 pounds.

Because the low-profile cabinet mounts vertically, it extends less than 12 inches from the wall while housing equipment up to 36 inches deep, including 1U servers, UPS systems, battery packs and switches. In addition to 6U of rack space in the primary mounting area, it also includes a slide-out 2U mounting bracket at the top of the enclosure for patch panels up to 2.5 inches deep.

The top panel and front door lock securely to help prevent damage, tampering or theft. The cabinet is vented, which allows air to flow freely and keep equipment cool. The reversible front door can open left or right. Convenient top and bottom ports allow easy cable routing.

The SRWF6U36 comes fully assembled and ready to mount to the wall. Equipment installation is easy with threaded mounting holes and hardware that support M6 or 12-24 mounting.

Features

Saves Valuable Workspace

- Perfect for network wiring closets, retail locations, classrooms, back offices and other areas with limited floor space where you need equipment to be secure, organized and out of the way

Highlights

- Maximum load capacity of 150 lb.
- Locking steel cabinet vented to keep equipment cool
- Secures 6U of 19 in. rack equipment up to 36 in. deep
- Includes additional 2U of space for patch panels
- Ships fully assembled for quick installation

Package Includes

- SRWF6U36 SmartRack 6U Low-Profile Vertical-Mount Server-Depth Wall-Mount Rack Enclosure Cabinet
- (12) M6 screws
- (12) M6 cup washers
- (12) 12-24 screws
- (2) Keys
- Owner's manual

- Houses EIA-standard 19 in. rack equipment in 6U of space
- Low-profile vertical-mount cabinet extends less than 12 in. from the wall while housing equipment up to
  36 in. deep, including 1U servers, UPS systems, battery packs and switches
- Also includes a slide-out 2U mounting bracket at the top of the enclosure for patch panels up to 2.5 in.
  deep
- Maximum load capacity of 150 lb.

Keeps Important Equipment Secure
