mail

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from, Europe, America and south Asia, supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of "Quality Parts, Customers Priority, Honest Operation, and Considerate Service", our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip, ALPS, ROHM, Xilinx, Pulse, ON, Everlight and Freescale. Main products comprise IC, Modules, Potentiometer, IC Socket, Relay, Connector. Our parts cover such applications as commercial, industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

SSF29 Series

High pressure side mount switch

The SSF29 type is a side mount vertical switch designed to give reliable switching at higher pressures, up to 40 bar. The switch is mounted in the side of the tank, from the inside, so requires access to the inside of the tank.

They are manufactured in 316L stainless steel and will work in liquids of SG 0.7 minimum.

The switch action may be reversed by removing the float, inverting and then refitting it to the stem.

- Operates in pressure up to 40 bar
- Internal side mount vertical switch
- Stainless steel 316L
- User configurable N/O (make on rise) or N/C (make on fall) switch action
- Operating temperature to 120°C

Technical Specification

Mounting style	Internal
Mounting thread	1/8"BSP
Float & Stem material	316grade SS
Maximum Temperature	120°C
Maximum pressure	40 bar
Float SG	0.6
Minimum fluid SG	0.7
