

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from,Europe,America and south Asia,supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of “Quality Parts,Customers Priority,Honest Operation,and Considerate Service”,our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip,ALPS,ROHM,Xilinx,Pulse,ON,Everlight and Freescale. Main products comprise IC,Modules,Potentiometer,IC Socket,Relay,Connector.Our parts cover such applications as commercial,industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

LSM303DLHC adapter board for a standard DIL24 socket

Data brief

Features

- Complete LSM303DLHC pinout for a standard DIL 24 socket
- Fully compatible with the STEVAL-MKI109V2 and STEVAL-MKI109V3 motherboards
- RoHS compliant

Description

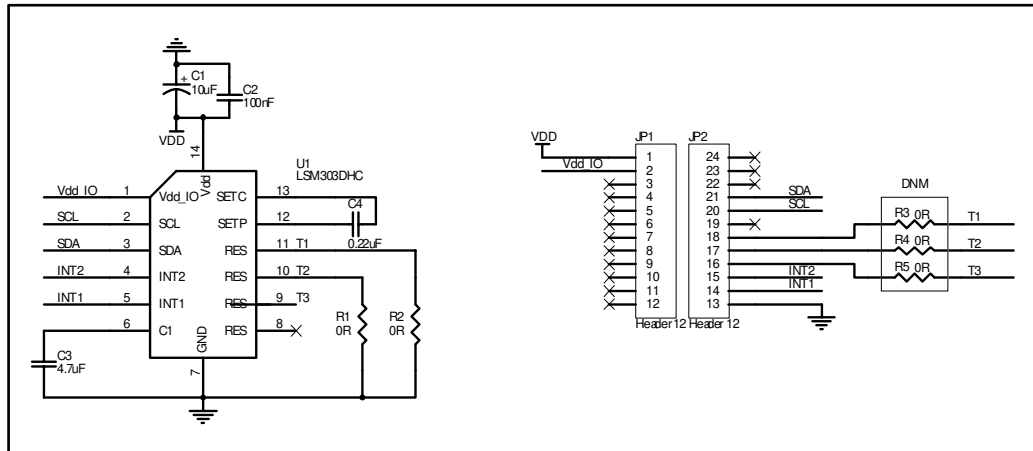

The STEVAL-MKI106V1 is an adapter board designed to facilitate the evaluation of MEMS devices in the LSM303DLHC product family. The board offers an effective solution for fast system prototyping and device evaluation directly within the user's own application.

The STEVAL-MKI106V1 can be plugged into a standard DIL 24 socket. The adapter provides the complete LSM303DLHC pinout and comes ready-to-use with the required decoupling capacitors on the V_{DD} power supply line.

This adapter is supported by the STEVAL-MKI109V2 and STEVAL-MKI109V3 motherboards which include a high performance 32-bit microcontroller functioning as a bridge between the sensor and a PC, on which it is possible to use the downloadable graphical user interface (Unico GUI) or dedicated software routines for customized applications.

2 Revision history

Table 1: Document revision history

Date	Revision	Changes
01-Feb-2012	1	Initial release.
25-Oct-2013	2	Updated features and description to include information on the STEVAL-MKI109V2 motherboard and related software.
05-Sep-2016	3	Updated features and description adding STEVAL-MKI109V3 motherboard compatibility
