Specification Sheet

Part Number: TAG52L-105

Laser Print Label, Self-Laminating, 2.0" x .47" x 1.33", 21 Per Sheet, PET, White, 1000/pkg

Article Number	594-52105
Type	TAG52L
Color	White (WH)
Features & Benefits	<ul style="list-style-type: none">•Laser printable self-laminating polyester has a smooth surface, allowing for the highest resolution and print contrast.•The material is 1.0 mil thick, allowing it to conform around wires and cable.•The acrylic-based adhesive bonds to a wide variety of substrates and can withstand high temperatures long term.•Lasertags are not affected by the high heat required in a laser printer.
Quantity Per	pack

Product Description

HellermannTyton's self-laminating labels are used for marking wires and cable. The clear tail overlaps and protects the printed information from abrasion, chemicals and solvents and resists UV exposure. When printed using HellermannTyton's thermal transfer printers, clear marking and high high-contrast imaging against the wire make this the perfect choice for durable identification.

Short Description

Laser Print Label, Self-Laminating, 2.0" x .47" x 1.33", 21 Per Sheet, PET, White, 1000/pkg
