TAGH85

Article number: 557-00054

The thermal transfer print guarantees a very clear and detailed image for use with graphics, single or sequential characters and especially barcodes. These labels offer the choice for smear-resistant, ultraviolet-resistant and chemical-resistant marking.

In nearly all areas, especially for cable and wire identification in computer and electronic business. For problem-free printing, we recommend our TagPrint Pro (Page 245 CHECK PAGE!!!).

Print

Application Method	Each roll of labels is loaded onto a reusable spindle. Simply drop the label roll into the printer, pull the labels over the top (like loading film into a camera) and close the cover. No need to mechanically feed and align the labels.
