

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from,Europe,America and south Asia,supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of "Quality Parts,Customers Priority,Honest Operation,and Considerate Service",our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip,ALPS,ROHM,Xilinx,Pulse,ON,Everlight and Freescale. Main products comprise IC,Modules,Potentiometer,IC Socket,Relay,Connector.Our parts cover such applications as commercial,industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

Protect It! 12-Outlet Surge Protector - 8 ft. Cord, 4320 Joules, Tel/Modem/Coax Protection, 2 USB Ports, Black

MODEL NUMBER: TLP128TTUSBB

12-socket surge protector safeguards your home/office electronics against dangerous surges, spikes and line noise.

Features

12-Socket Surge Protector Safeguards Your Sensitive Electronics

Ideal for your home or office workstation, this Protect It!® 12-outlet surge protector features a surge protection rating of 4320 joules to defend your sensitive electronic components against even the strongest power surges and spikes. Because residential power outlets have three wires—hot line (H), neutral (N) and ground (G)—the TLP128TTUSBB protects all three, covering the two protection modes: full normal mode (H-N) and common mode (N-G/H-G).

NEMA 5-15R Outlets Accept a Wide Range of Electronic Devices

Plug your PC, printer, scanner, router, modem, television, stereo receiver and other home/office electronics into 12 NEMA 5-15R AC outlets to protect them against dangerous surges, spikes and line noise. Six outlets are designed for greater flexibility in placing connected devices or accepting bulky transformers without blocking adjacent outlets. The eight-foot AC power cord with space-saving right-angle NEMA 5-15P plug helps you connect the surge protector to a wall outlet located behind furniture.

Also an RJ11 and Coaxial Cable Surge Protector to Cover All Your Bases

Built-in RJ11 jacks and silver coaxial cable connectors allow connection of telephone, fax, modem, cable television and satellite equipment. The TLP128TTUSBB prevents dangerous “back door” power surges from damaging your data line components.

2 USB Ports Share 2.1 Amps of Charging Power

Dual USB-A ports are available for charging your smartphone, tablet and other USB mobile devices, which are also protected from the damaging effects of surges, spikes and line interference.

Premium Protection from EMI/RFI Line Noise Helps Your Equipment Perform Better

Various electromagnetic and radio sources found in virtually every home and business can cause disruptive interference on the AC line. Known as EMI (electromagnetic interference) and RFI (radio frequency interference), this line noise is a common cause of performance problems. This 12-socket surge protector filters out disruptive line noise that can disturb your electronics and inflict hardware damage or data loss. This EMI/RFI filtering also helps your connected components perform better with longer lifespans.

Highlights

- 12 total NEMA 5-15R outlets—6 are designed to accommodate bulky transformers
- 4320 joules protect your valuable electronics against dangerous surges/spikes/line noise
- RJ11 and coaxial cable connectors protect phone/fax/modem/cable/satellite equipment
- 2 USB ports share 2.1A for fast charging of phone, laptop and other mobile devices

Applications

- Protecting computers, modems, home theater equipment and other valuable electronics against AC power surges and spikes
- Filtering potentially damaging line noise to improve connected equipment’s performance and lifespans
- Safeguarding valuable data against damage stemming from unexpected interruptions in power
- Charging a smartphone, tablet or other USB devices via the dual USB ports

Package Includes

- TLP128TTUSBB Protect It! 12-Outlet Surge Protector
- Owner’s manual

Includes the Latest Safety Features

The lighted on/off switch provides one-touch control over connected equipment. An integrated 15A circuit breaker automatically cuts power to all outlets if protection circuit is incapacitated, preventing equipment damage and indicating replacement is required. Diagnostic LEDs confirm your wall outlet is properly grounded and your connected equipment is protected. Its high-impact plastic housing is designed to endure in demanding environments.

Lifetime Warranty, \$150K Ultimate Lifetime Insurance and Environmentally Responsible Design

The TLP128TTUSBB comes with a lifetime warranty and \$150,000 of Ultimate Lifetime Insurance for any connected components damaged by a power surge (U.S., Canada and Puerto Rico only). It's manufactured in compliance with strict RoHS specifications, reflecting Tripp Lite's commitment to environmental responsibility.

Specifications

OVERVIEW	
UPC Code	037332209788
OUTPUT	
Frequency Compatibility	50 / 60 Hz
Output Receptacles	(12) 5-15R
Output (Watts)	1800
Circuit Breaker (amps)	15
Transformer Accommodation	Supports 6 large transformer plug accessories without covering remaining outlets.
Right-Angle Outlets	No
INPUT	
Nominal Input Voltage(s) Supported	120V AC
Recommended Electrical Service	120V (110-125V)
Input Connection Type	NEMA 5-15P
Input Plug Features	Space-saving right angle input plug
Input Cord Length (ft.)	8
Input Cord Length (m)	2.44
Input Cord Gauge Type	14 gauge, SJT
Voltage Compatibility (VAC)	120
Right-Angle Plug	Yes
USER INTERFACE, ALERTS & CONTROLS	
Switches	Combination AC circuit breaker and 2 position red illuminated on/off power switch
Diagnostic LED Details	Built-in LEDs confirm suppressor "protection present" (green) and "grounded" (red) status

SURGE / NOISE SUPPRESSION	
AC Suppression Joule Rating	4320
AC Suppression Response Time	< 1 ns
Protection Modes	Includes full normal mode (H-N) and common mode (N-G / H-G) line surge suppression
UL1449 Let Through Rating	800/800/800
EMI / RFI Filtering	Up to 40 dB
DATALINE SURGE SUPPRESSION	
Telephone/DSL Protection	Yes
Telephone/DSL Protection Details	1 line
Cable (Coax) Protection	Yes
Cable (Coax) Protection Details	1 line
Network (Ethernet) Protection	No
PHYSICAL	
Shipping Dimensions (hwd / in.)	15.94 x 8.07 x 1.77
Shipping Dimensions (hwd / cm)	40.49 x 20.50 x 4.50
Shipping Weight (lbs.)	2.17
Shipping Weight (kg)	0.98
Unit Dimensions (hwd / in.)	4.86 x 9.55 x 1.51
Unit Dimensions (hwd / cm)	12.34 x 24.26 x 3.84
Unit Weight (lbs.)	1.90
Unit Weight (kg)	0.86
Material of Construction	Plastic
Integrated Keyhole Mounting Tabs	Keyhole mounting tabs enable wall mounting
Housing Color	Black
Receptacle Color	Black
Color (AC Line Cord)	Black
Outlets Measurement (Center to Center)	Distance between standard outlets = 28.5mm; Distance between transformer outlets = 57mm
Keyhole Slot Mounting Measurement (Center to Center)	Distance between horizontal tabs = 75mm; Distance between vertical tabs = 41.6mm
Anti-Microbial Protected	No
CERTIFICATIONS	
UL1449 3rd Edition (AC Suppression)	UL1449 3RD EDITION

UL1363 (Power Tap)	UL1363
UL497A (Communications)	UL497A
FCC Part 68 (Communications)	FCC Part 68
cUL / CSA (Canada)	cUL
Industry Canada (Communications)	Industry Canada
Approvals	Exceeds IEEE 587 category A&B specifications
WARRANTY	
Product Warranty Period (Worldwide)	Lifetime limited warranty
Connected Equipment Insurance (U.S., Canada & Puerto Rico)	\$150,000 Ultimate Lifetime Insurance
