Insulated Silicone Soldering Mat

TOL-14672

Keeping your workspace clean and well kept has always been a paramount concern for keeping all your possessions well maintained and pristine. With this Insulated Silicone Soldering Mat, you will be provided with the means to protect your desktop, soldering station, or workbench from the superheated tip of a soldering iron! Each mat is equipped with a large working area for all your soldering needs as well as a plenty of organization “buckets” (one large, three medium, eight small, and 56 tiny) for resistors, soldering tips, ICs and other various components. Due to the composition of these mats being comprised of silicone, they do have a useful temperature range with a maximum of 500°C (930°F).

These mats are capable of protecting a 400mm x 300mm (~15.75" x ~11.8") area with 235mm devoted to the working area and another 65mm for storage space. Since these soldering mats non-slip, non-conductive, and heat resistant they make for a perfect addition to your workbench!

FEATURES

- Silicone Material
- Non-Slip
- Non-Conductive
- Maximum Temperature: 500°C (930°F)
- Dimensions: 400mm x 300mm (~15.75" x ~11.8")
- Weight: 420g
