

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from,Europe,America and south Asia,supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of “Quality Parts,Customers Priority,Honest Operation,and Considerate Service”,our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip,ALPS,ROHM,Xilinx,Pulse,ON,Everlight and Freescale. Main products comprise IC,Modules,Potentiometer,IC Socket,Relay,Connector.Our parts cover such applications as commercial,industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

2-Port USB 3.0 SuperSpeed Desktop Extension Cable (M/2xF), 6 ft.

MODEL NUMBER: **U324-006-DSK2**

Converts your computer's USB 3.0 port to 2 USB 3.0 ports and extends them up to 6 ft away. Ideal for connecting thumb drives, digital cameras and other USB-A devices.

Description

Connect the U324-006-DSK2 2-Port USB 3.0 SuperSpeed Desktop Extension Cable (M/2xF) to your computer's existing USB-A port to extend it up to six feet away. This flexibility allows you to place the cable's desktop hub with two female USB 3.0 connectors within easy access next to your keyboard, on a nearby shelf, behind a monitor or anywhere else you find convenient. It's especially recommended for moving a rear USB port somewhere easier to access. A black padded base provides stability.

The U324-006-DSK2 features one standard USB 3.0 data/power port and one power-only port. It supports data transfer rates up to 5 Gbps—ten times the speed of USB 2.0. The cable's bi-directional data interface allows data to flow both directions simultaneously, increasing theoretical bandwidth by ten times.

Backward compatible with earlier USB generations, the U324-006-DSK2 features premium foil and braid shielding to deliver reliable, error-free signal quality and protection from EMI/RFI interference. Molded nickel-plated connectors with gold-plated contacts ensure excellent conductivity. Integral strain relief ensures the cable and connectors last a long time. A rugged PVC jacket protects twisted 28 AWG data lines and 24 AWG power lines.

Features

Expands an Existing USB 3.0 Port to 2 Ports and Extends Them an Extra 6 ft.

- Move a hard-to-reach USB port within easy access
- Ideal for connecting external hard drives, thumb drives, digital cameras and other USB-A devices
- Features one USB 3.0 data/power port and one power-only port

Enjoy SuperSpeed Transfer Rates in High-End Applications

Highlights

- Supports data transfer rates up to 5 Gbps
- Bi-directional interface allows data to flow both directions
- Backward compatible with previous USB generations
- Features one USB 3.0 data/power port and one power-only port
- Double-shielded protection against EMI/RFI line noise
- Black padded non-sliding base

System Requirements

- Computer, laptop or other device with USB 3.0 port (to achieve USB 3.0 speeds)

Package Includes

- U324-006-DSK2 2-Port USB 3.0 SuperSpeed Desktop Extension Cable (M/2xF), 6 ft.

- Supports data transfer rates up to 5 Gbps—10x the speed of USB 2.0
- Bi-directional interface allows data to flow both directions at the same time, increasing theoretical bandwidth by 10x
- Backward compatible with earlier USB generations

First-Rate Construction for Superior Signal Transfer

- Premium foil and braid shielding blocks EMI/RFI interference
- Molded nickel-plated connectors ensure excellent connectivity
- Integral strain relief for cable and connectors' long life
- Twisted 28/24 AWG data/power lines
- Flexible PVC jacket easy to install in tight spaces
- Black padded non-sliding base

Specifications

OVERVIEW	
UPC Code	037332199478
Over Current Protection	Yes
Technology	USB 3.0 (SuperSpeed); USB (all versions)
INPUT	
Cable Length (ft.)	6
Cable Length (m)	1.8
PHYSICAL	
Wire Gauge (AWG)	28 AWG Data Pair / 24 AWG Power Pair
Shipping Dimensions (hwd / in.)	5.310 x 3.940 x 0.500
Shipping Dimensions (hwd / cm)	13.49 x 10.01 x 1.27
Shipping Weight (lbs.)	0.2400
Shipping Weight (kg)	0.11
Unit Packaging Type	Polybag
Material of Construction	PVC
Color	Black
Cable Outer Diameter (OD)	5.5mm
Cable Jacket Rating	VW-1
ENVIRONMENTAL	

Tripp Lite
1111 W. 35th Street
Chicago, IL 60609 USA
Telephone: 773.869.1234

Operating Temperature Range	32 to 104 F (0 to 40 C)
Storage Temperature Range	14 to 131 F (-10 to 55 C)
Relative Humidity	5% to 90% RH, Non-Condensing
Power Provided to Connected Device(s)	5V 0.9A (4.5W) Output per USB Port
CONNECTIONS	
Side A - Connector 1	USB 3.0 A (MALE)
Side B - Connector 1	(2) USB 3.0 A (FEMALE)
Connector Plating	Nickel
Contact Plating	Gold
FEATURES & SPECIFICATIONS	
USB Specification	USB 3.0 (up to 5 Gbps); USB 3.1 Gen 1 (up to 5 Gbps)
CERTIFICATIONS	
Certifications	Tested to CE, FCC, RoHS, REACH
WARRANTY	
Product Warranty Period (Worldwide)	Lifetime limited warranty
