imall

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from, Europe, America and south Asia, supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of "Quality Parts, Customers Priority, Honest Operation, and Considerate Service", our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip, ALPS, ROHM, Xilinx, Pulse, ON, Everlight and Freescale. Main products comprise IC, Modules, Potentiometer, IC Socket, Relay, Connector. Our parts cover such applications as commercial, industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

USB 3.1 Gen 1 (5 Gbps) 2.5 in. SATA SSD/HDD to USB-A Enclosure Adapter with UASP Support

MODEL NUMBER: U457-025-AG2

Durable lightweight enclosure connects a 2.5 in. SATA SSD or HDD to your computer's USB-A port and performs fast file transfers at USB 3.1 Gen 1 speeds. UASP-enabled for 70% more speed with UASP host controller.

Description

The U457-025-AG2 USB 3.1 Gen 1 (5 Gbps) SATA SSD/HDD to USB-A Enclosure Adapter lets you connect a high-performance SATA solid state drive (SSD) or hard disk drive (HDD) to a computer or laptop with a USB-A port. Not only does it support USB 3.1 Gen 1 data transfer rates up to 5 Gbps, but it reads data up to 70 percent faster and writes up to 40 percent faster when connected to a UASP-enabled host controller.

Recommended for storing and sharing large files, such as photos, music and video files, the U457-025-AG2 accepts 2.5-inch SATA drives up to 2 TB. You can access data on an older SATA drive, or use a new SATA drive for additional storage space. The adapter is plug-and-play, so no software, drivers or external power supply is required, and it is backward compatible with previous USB generations. A blue LED indicates data is being read, written or transferred. Slim aluminum case stores conveniently in a backpack or laptop bag for use anywhere.

Features

Connects an Internal SATA Drive to Your Computer's USB-A Port

- Recommended for storing and sharing large photo, music and video files
- Supports USB 3.1 Gen 1 data transfer rates up to 5 Gbps
- Features UASP for performance up to 70% faster when connected to UASP-enabled host controller
- Compatible with all USB-enabled operating systems

Compatible with 2.5 in. SATA Drives Up to 2 TB

• Accepts SATA III, II and I SSDs and HDDs

Highlights

- Compatible with 2.5 in. SATA SSDs and HDDs up to 2 TB
- Supports USB 3.1 Gen 1 data transfer rates up to 5 Gbps
- Works up to 70% faster when connected to UASP host controller
- Durable slim design perfectly sized for backpack or laptop bag
- Plug-and-play—no software, drivers or external power supply

System Requirements

- Computer with USB port (USB 3.1 Gen 1 port required for maximum speed)
- 2.5 in. SATA SSD or HDD (9.5 mm max height)

Package Includes

- U457-025-AG2 USB 3.1 Gen 1 SATA SSD/HDD to USB-A Enclosure Adapter
- USB 3.1 Gen 1 Micro-B to USB-A cable, 2 ft.
- Mini screwdriver
- (2) Screws
- Storage sleeve
- Owner's manual

- Will support higher-capacity drives when available
- Backward compatible with previous USB generations
- Blue LED indicates drive data is being read, written or transferred

Designed for Immediate Use

- Plug and play—no software, drivers or external power supply needed
- Durable slim aluminum case perfectly sized for backpack or laptop bag
- Enclosed housing protects drive in applications requiring more durability
- USB 3.1 Gen 1 cable included
