

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from,Europe,America and south Asia,supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of “Quality Parts,Customers Priority,Honest Operation,and Considerate Service”,our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip,ALPS,ROHM,Xilinx,Pulse,ON,Everlight and Freescale. Main products comprise IC,Modules,Potentiometer,IC Socket,Relay,Connector.Our parts cover such applications as commercial,industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

Industrial 100BASE-TX Ethernet Connector Modules

Pulse has a full line of 1x1, 1x2, and 1x4 Tab Up and Tab Down 100BASE-TX Ethernet connector modules for use in Industrial applications. Pulse parts meet the IEEE802.3u standard and support all major PHY manufactures. This designer kit provides engineers a wide selection of parts to select from for their new designs.

The Industrial communications landscape is changing. More and more automation and control solutions using sensors, drives, displays, invertors, and interfaces are linked together using Ethernet based, time sensitive protocols like:

Profi-Bus™ - Profi-Net™ - PowerLink
EtherCAT - Ethernet/IP - Modbus/TCP

Pulse's "**JXD**" range of compact ICM's are designed to provide isolation and noise reduction in a single solution, operating with all of these industrial protocols.

Features and Benefits:

- Designed to meet IEEE802.3u (100BASE-TX) standards
- -40°C to +85°C operating temperature
- Suitable for CAT 3, CAT 5 UTP or higher
- PoE and PoE+ options available
- UL File Listing E216177
- Compact form factor optimizing board space
- Supports all major PHY manufactures

Applications:

Industrial Automation, Process or Remote Control and Monitoring, Campus, Factory or Rugged Communication Networks, Power over Ethernet, Touch Screen Display & Panels, Security & Image processing, Access Control.

Industrial 100BASE-TX Ethernet Connector Modules – Designer Kit# UKIT-003FE
