

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from, Europe, America and south Asia, supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of "Quality Parts, Customers Priority, Honest Operation, and Considerate Service", our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip, ALPS, ROHM, Xilinx, Pulse, ON, Everlight and Freescale. Main products comprise IC, Modules, Potentiometer, IC Socket, Relay, Connector. Our parts cover such applications as commercial, industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

# **NetRunner™ Vertical Cable Managers**

# SPECIFICATION SHEET

## specifications

The vertical cable manager shall be capable of mounting to EIA racks to manage cables on the front and rear of the rack. The manager shall be molded out of plastic and possess cable management fingers and pass through holes. The fingers shall provide integral bend radius control and be spaced so that the gaps between the fingers align with EIA rack spaces. The pass through holes shall provide bend radius control and slots that can be used for securing of cable straps. The vertical manager shall have a dual hinged cover that can be opened to the left or right 110 degrees. The manager shall be able to accept wire retainers that can be snapped on to the cable management fingers.

## technical information

### Dimensions:

Part Number	RU	Height in (mm) Width in (mm)		Depth in (mm)		
WMPV22E	22	41.5 (1054)	4.9 (125)	12.0 (306)		
WMPVF22E	22	41.5 (1054)	4.9 (125)	6.5 (165)		
WMPV45E	45	83.0 (2108)	4.9 (125)	12.0 (306)		
WMPVF45E	45	83.0 (2108)	4.9 (125)	6.5 (165)		
WMPVHC45E	45	83.0 (2108)	6.7 (170)	14.1 (357)		
WMPVHCF45E	45	83.0 (2108)	6.7 (170)	7.6 (192)		

Packaging:

Managers include hinged covers, mounting brackets and #12 – 24 screws

Mounting options:

When attached to the side of a standard 19" EIA rack, the pitch of a WMPV vertical manager is 25.3" and the pitch of a WMPVHC vertical

Managers can be center mounted between two adjacent EIA 19" or 23" racks by using the WMPVCBE bracket kit

Managers can be mounted to Panduit R2PS and 7 foot R4P series of 4 post racks by using the WMPVSMK hardware kit; two kits are needed for center mounting

Managers can be side or center mounted to the front or rear of a rack with dimensions of up to 1 5/8" (41.1mm) from the outside edge of a rack to the center of the mounting hole by using the WMPVCMB bracket kit; two kits are needed for center mounting; when attached to the side of a 19" rack using a WMPVCMB bracket kit, the pitch of a WMPV vertical manager is 25.8" and the pitch of WMPVHC vertical manager is 27.6"

## key features and benefits

Bend radius fingers	Align with rack spaces to support cables as they transition to the vertical pathway; pass through holes maintain cable bend radius ensuring network performance and reliability
Large finger opening	Each accommodates up to 54 Category 6 cables eliminating the need to remove fingers for cable routing speeding installation and maintenance
Dual hinged cover	Can be opened 110 degrees to the left or right to provide complete access to the cables inside the vertical pathway
Integral cable retainers	On the end of each finger to help contain cables within each rack unit to simplify installation and maintenance

## applications

Panduit® NetRunner™ Vertical Cable Managers provide a cost-effective solution that organize, manage, and protect network cabling in telecommunication rooms and data centers. Cable management fingers simplify cable routing during installation and maintenance. Bend radius control helps protect cables from kinks, snags, and crushing, ensuring system performance

and reliability. Multiple sizes and mounting options allow for use in a variety of applications. When used with Panduit® Mini-Com® Patch Panels, patch cords, horizontal cable managers and racks, the user receives a complete end-to-end solution that satisfies functional requirements and showcases network cabling.
