

Chipsmall Limited consists of a professional team with an average of over 10 year of expertise in the distribution of electronic components. Based in Hongkong, we have already established firm and mutual-benefit business relationships with customers from,Europe,America and south Asia,supplying obsolete and hard-to-find components to meet their specific needs.

With the principle of “Quality Parts,Customers Priority,Honest Operation,and Considerate Service”,our business mainly focus on the distribution of electronic components. Line cards we deal with include Microchip,ALPS,ROHM,Xilinx,Pulse,ON,Everlight and Freescale. Main products comprise IC,Modules,Potentiometer,IC Socket,Relay,Connector.Our parts cover such applications as commercial,industrial, and automotives areas.

We are looking forward to setting up business relationship with you and hope to provide you with the best service and solution. Let us make a better world for our industry!

## Low voltage three-phase brushless DC motor driver expansion board based on STSPIN233 for STM32 Nucleo

### Features

- Low voltage range from 1.8 V to 10 V
- Current up to 1.3 A<sub>rms</sub>
- Full overcurrent protection and short-circuit protection
- Thermal shutdown
- Compatible with STM32 Nucleo boards
- Equipped with ST morpho connectors
- Hall/Encoder motor sensor connector and circuit
- Potentiometer available for speed regulation
- RoHS compliant

### Description

The **X-NUCLEO-IHM17M1** is a low voltage three-phase brushless DC motor driver expansion board based on the **STSPIN233** for **STM32 Nucleo**.

It provides an affordable and easy-to-use solution for the implementation of portable motor driving applications such as thermal printers, robotics and toys.

The **X-NUCLEO-IHM17M1** is compatible with the Arduino UNO R3 connector and most STM32 Nucleo boards.

The board is designed for six-step and FOC algorithms with single and three-shunt sensing topology.

#### Summary table

Low voltage three-phase brushless DC motor driver expansion board based on STSPIN233 for STM32 Nucleo	<a href="#">X-NUCLEO-IHM17M1</a>
Low voltage three phase and three sense motor driver	<a href="#">STSPIN233</a>
STM32 Nucleo development board	<a href="#">STM32 Nucleo</a>
